**Understanding Costco Travel Modification Policies**

**Modification Depends on What You Booked**

There is **no single universal rule** that applies to all types of Costco Travel bookings. Whether you can modify dates, travelers, or details after booking depends on these factors:

- **Type of travel product** (vacation package, cruise, hotel, flight, rental, etc.) 📞 1-855-452-1936
- **Supplier rules** (airlines, hotels, cruise lines set their own policies) 📞 1-855-452-1936
- **Timing of the change** — usually earlier changes are easier and sometimes free 📞 1-855-452-1936
- **Whether you booked a refundable or flexible option** 📞 1-855-452-1936

Costco Travel acts as your booking agent — but the underlying rules are often controlled by airlines, hotels, or cruise lines. 📞 1-855-452-1936 The best way to confirm exactly what you can change is to contact Costco Travel customer support directly at 📞 1-855-452-1936 with your reservation number.

**Can I Change My Travel Dates After Booking?**

**Yes — most Costco Travel bookings *can* be changed, but with conditions.**
📞 1-855-452-1936

Here's how it typically works:

✅ **Vacation Packages:**
You *can usually request new travel dates*, but supplier rules apply — date changes can trigger price differences, penalty windows, or cancellation fees. 📞 1-855-452-1936

✅ **Hotel Bookings:**
Often hotel reservations allow date changes before penalty periods begin. If your desired dates are available, you can usually edit your room or dates. 📞 1-855-452-1936

✅ **Cruise Vacations:**
Changes such as cabin moves, date shifts, or itinerary adjustments *are possible* but may be restricted after the penalty period starts. 📞 1-855-452-1936

❗ **Flights:**
Airfare changes follow airline fare rules. Some tickets may include free changes while others incur fees and fare adjustments — especially economy fares. Costco Travel will help process these, but you cannot bypass airline conditions. 📞 1-855-452-1936

**Can I Add or Remove Travelers After Booking?**

Yes, but again it depends on:

- Flight fare rules (airlines often restrict name changes) 📞 1-855-452-1936
- Cruise and hotel occupancy limits 📞 1-855-452-1936
- Whether new space is available 📞 1-855-452-1936

In many cases, **adding a traveler is possible** if the supplier allows it. Some airlines require full fare difference for an added passenger, and cruise lines may charge additional costs. 📞 1-855-452-1936

**Removing a traveler** is often treated as a partial cancellation and may involve cancellation fees or loss of deposit — especially if done close to departure.
