Understanding How Costco Travel Flight Bookings Work 📞 1-855-452-1936

When you book a flight through Costco Travel, **you're generally booking airfare as part of a package** (flight + hotel + car, or cruise) rather than standalone airline tickets, so **airline rules affect changes more than Costco's website itself.** 📞 1-855-452-1936 According to official Costco Travel info, you **must contact Costco Travel directly to make changes** to your flight portion of your booking because your itinerary is created through Costco's agency system, not directly with the airline. 📞 1-855-452-1936

Important: If your flight is part of a package, airlines and fare rules apply — not Costco's internal policy — meaning that **change fees, fare differences, or restrictions could apply.** 📞 1-855-452-1936

Why Some Changes Can Be Complicated 📞 1-855-452-1936

Flights booked through Costco Travel are subject to **airline fare rules, schedule changes, and package components**, so: 📞 1-855-452-1936

- **Not all tickets are refundable or changeable** — this depends on the fare you purchased. 📞 1-855-452-1936
- **Some flights can only be changed with fees plus any fare increase**, based on the airline's policy. 📞 1-855-452-1936
- **Cancellation or changes to one leg can affect your entire package**, especially if flights, hotels, or cars were booked in a single combined reservation. 📞 1-855-452-1936

In many cases, the **value of a canceled flight can be issued as a future air credit** usable on the same airline, subject to airline rules and expiry dates. 📞 1-855-452-1936
